I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is described and claimed in patent number 5,771,248, granted June 23, 1998, and for which a reissue patent is sought on the invention entitled APPARATUS AND METHOD FOR ERROR

the specification of which

☐ is attached hereto.

☒ was filed on June 22, 2000 as reissue application number ____ / _____
and was amended on _____.
(If applicable)

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☐ by reason of a defective specification or drawing.

☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.

☐ by reason of other errors.

At least one error upon which reissue is based is described as follows:

Claim 1 of the original patent essentially provides a double recitation of "recording means...medium" in lines 10-13 and lines 14-16 with the first recitation in lines 10-13 reciting "the recording medium" without antecedent basis therefor and the first recitation has been deleted by the amendment of claim 1 in this reissue application.
